Dear Friend,

Before I begin this message, on behalf of the staff and board, let me extend our condolences and prayers to all the families affected by the horrific mass shooting in Monterey Park. We serve many folks from this community in our Food Pantry, and we immediately checked to see if any of our clients were among the victims. Thank God, none were. Friends In Deed stands in solidarity with the AAPI community.

Now, to our work this week: A seventy-one year old gentleman who has been homeless since 2010, living in the park; a family with three young children, living in their car; a man in a wheelchair with stuff strapped to the back of the chair; these are just a few of the nearly 100 people that were in line last night at our Bad Weather Supply distribution program. We were able to place 56 of them into motels starting Sunday (until Wednesday) due to the rain and cold approaching. This took up all of the rooms at one of the motels we partner with; the other ones were already full with clients from other agencies that also place people.

A HUGE shoutout to Lindsey Reed and her amazing team for their hard work, compassion, humor and loving care for all the people. And I want to thank Councilman Jason Lyon for coming to the church last night to witness our work, ask questions, and offer his support. I also met with Mayor Gordo this week, and we had a productive conversation about the funding needs of this program. If you want to learn more about this program and some of the challenges we are facing head-on, you can read my guest essay in Pasadena Now, or listen to my podcast from this week.
And, as always, all our other programs were in full force this week. We averaged 504 households in the Food Pantry and the Eviction Prevention team fielded many calls for rental assistance. Some of the Street Outreach team were taking a domestic violence intensive course while other team members were helping families, seniors and folks facing extreme situations into our program for housing and case management. And, as always, our volunteers were moving and shaking to make sure we can serve even more people, and they and our staff did all this with compassion, connection and dignity!

And of course, none of this is possible without your support, so if you are able to make a contribution, please do! And thank you!

Blessings, and have a lovely weekend,
Rabbi Joshua

2023-1 Rent Control Comes to Pasadena: A Conversation with Peter Dreier and Ryan Bell

Recorded on MLK Day, Rabbi Joshua welcomes Dr. Peter Dreier, E.P. Clapp Distinguished Professor of Politics at Occidental College, and Ryan Bell, Southern California Regional Coordinator at Tenants Together, to discuss the recent passing of Measure H, a Pasadena ballot measure approving rent control. Both Peter and Ryan were active in the organizing effort that helped pass this measure, and the conversation discusses rent control in general, what this measure means for the city, and how Dr. King's work on Fair Housing is directly related to this issue.
